PEOPLE/PAYROLL/HBPAPDED/Mass Update Employee Package Deductions

[Deltek Defect Tracking Number:](#)

575197

[Issues Resolved:](#)

Description: When the deductions of the benefit elections have the same priority number, the application applied the same priority numbers on the Manage Employee Deductions screen. This causes a system error to occur when you compute payroll. An error message should display for an employee who has flexible spending elections for the period being run, but who has been terminated prior to the current benefit year.

Customers Impacted: This defect affects Costpoint Payroll users.

Workaround Before Fix: Manually Change the priority numbers on the Manage Deduction screen or run the Update Employee Deductions process twice.

Additional Notes: None.
