

Deployment Date: 8/16/2016

Hot Fix: cp711_ldpdtc_009.zip

PEOPLE/LABOR/LDPDTC/Download to Time Collection

Deltek Defect Tracking Number:

694449

Issues Resolved:

Description: If the Time and Expense version was 9.x and a birth date was not assigned to the employee in Costpoint, the **Government ID** field in the employee (EMPL) file should be populated with 000000000. If the Time and Expense version is not 8.3 or 9.x, the government ID field should be populated with 0.

Customers Impacted: This defect affects Costpoint users who export data to Deltek Time and Expense.

Workaround Before Fix: Manually enter the employee's date of birth.

Additional Notes: If a birth date is assigned to the employee, then the **Government ID** field will be populated with that birth date. An employee may not have a birth date assigned if you are not licensed for HR or Payroll. Birth date is only required if you are licensed for HR or Payroll.

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <https://deltek.custhelp.com> before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.
