

Vision HotFix Notes

Released: December 13, 2013

Release Name: Cumulative Update #011

Software Enhancements

To review descriptions of the enhancements for the Navigator 1.7 and Touch 1.2 applications, please see each product's release notes. These are included on the Documentation tab in the respective sub-release sections on Deltek Software Manager.

Software Issues Resolved (3)

Info Center

Deltek Defect Tracking Number: 398043

Description: Conducting a search within a user-defined info center sometimes resulted in duplicate records within the results, or the interface hanging.

Customers Impacted: This defect applies to Vision 7.1.

Workaround Before Fix: None.

Additional Notes: None.

Files Updated

Deltek.Framework.Lookup.Server.dll

Other Applications Affected

System File Dependencies

Deltek Defect Tracking Number: 398047

Description: When conducting a search on a user-defined info center lookup, the results list did not display the correct user-defined fields.

Customers Impacted: This issue applies to Vision 7.1 and later versions.

Workaround Before Fix: None.

Additional Notes: None.

Files Updated

Deltek.Framework.Lookup.Server.dll

Other Applications Affected

System File Dependencies

Performance Management Canvases

Deltek Defect Tracking Number: 398092

Description: The Executive Sample - Project Status performance dashboard incorrectly had organization-is-me, principal-is-me, and project manager-is-me filters applied automatically. That dashboard should not have any automatically applied filters.

Customers Impacted: This defect applies to Vision 7.1.

Workaround Before Fix: None.

Additional Notes: None.

Database Changes: Updated the AddDefaultFilter stored procedure, adding a new record for "Executive Sample - Project Status."

Files Updated

Deltek.Vision.Dashboard.Server.dll
DeltekVision71GAHotFix011.sql

Other Applications Affected

System File Dependencies

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <http://support.deltek.com> before you install the hot fix.

To Download the HotFix:

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click **Run Deltek Software Manager**.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click **Download** at the bottom of the screen.

To Install the HotFix:

Run the executable (.exe) file only on your application server, unless additional tiers are specifically noted in the defect descriptions above.<?xml:namespace prefix = o ns = "urn:schemas-microsoft-com:office:office" />

To Check to See if the HotFix is Installed:

1. Click **Help > About** from the Vision toolbar.
2. Click the **Details** button on the **About Deltek Vision** dialog box.

More Information:

If you have any questions, please contact Deltek support at <https://support.deltek.com>
