Deltek Costpoint HotFix Readme

Released: May 21, 2015

Enhancements

Manage Job Templates Screen Updates for HRsmart Integration

The following updates have been applied to the Manage Job Templates screen for HRsmart Integration. This enhancement requires **Costpoint 7.0.1 PATCH2652**.

- **Application changes**
  - o Moved the application to the **People » Employee » Employee Controls** menu.
  - o Updated the application name from "Manage Position Requisition Requests" to "Manage Job Templates."
  - o Users shall be able to access the Manage Job Templates application even when they do not have the Costpoint HR license.
  - o Costpoint HR Clients will still be able to use the Position Requisition logic (Manage Position Requisition Approvers and Approve Position Requisitions) that exists in the Personnel module.

- **Header section changes**
  - o Changed label from **Requisition Number** to **Job Template ID**.
  - o Moved the **Grade** label and data field to the new Human Resources tab.
  - o Moved the **EEO Code** label and data field to the new Human Resources tab.
  - o Moved the **Job Group** label and data field to the new Human Resources tab.
  - o Moved the **Corporate Officer** check box to the new Human Resources tab.
  - o The **Detail Job Title** field is still visible but it is no longer marked as required.
  - o Added validation which will require entry of the Detail Job Title if the client is licensed for Costpoint HR.

- **Job Details tab**
  - o Changed tab order so that Job Details is the first tab.
  - o Changed label of **Time Collection Timesheet Schedule** field to **TC Timesheet Schedule.**
  - o Moved the existing **Compensation Plan**, **Step**, **Personnel Action**, **Review Form**, and **Affirmative Action Plan** controls to the new Human Resources tab .
  - o Reconfigured tab contents to accommodate the removal of the HR-related fields.

- **Timesheet Defaults & Product Interface tab**
  - o Changed tab order so that Timesheet Defaults & Product Interface tab is the second tab.
  - o Updated the status text

- **Human Resources tab**
  - o Created new Human Resources tab.
  - o Moved the existing **Compensation Plan**, **Step**, **Personnel Action**, **Review Form**, and **Affirmative Action Plan** controls from the Job Details tab to this new Human Resources tab.
  - o Moved the existing **HR Organization**, **Grade**, **EEO Code**, **Job Group**, and **Corporate Officer**

controls from the header section to this new Human Resources tab.

- **Requisition Details tab**
    - o Changed tab order so that Requisition Details is the last tab.
    - o The **Requested By** field is no longer marked as required.
    - o The **Requisition Date** field is no longer marked as required.

Manage Job Templates Database Patch

Costpoint 7.1.1 PATCH2652 includes the following changes to Manage Job Templates table for HRsmart Integration:

- Database: Change H_POS_RQ_RQST.detl_job_cd to NULLS-Yes
- Database: Change H_POS_RQ_RQST.rq_dt to NULLS-Yes
- Database: Change H_POS_RQ_RQST.rq_empl_id to NULLS-Yes

More information about this release is on the following page.

Custom Programs Affected:

Sometimes an update can cause custom programs and reports to stop working as expected. Before applying this update, consider whether you have any custom programs or reports in the application area affected by the update. If so, contact Deltek Customer Care at http://support.deltek.com before you install the update.

To Download the HotFix Update:

1. From Internet Explorer, go to https://dsm.deltek.com.
2. Click **Run Deltek Software Manager**.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hot Fixes folder for your product, and select the update to download.
6. Click **Download** at the bottom of the screen.

To Install the HotFix Update:

Refer to the installation instructions posted on Deltek's Customer Care Connect site, https://deltek.custhelp.com.

- For Costpoint 7.1.1 updates, refer to Knowledge Base article 79232.

- For Costpoint 7.0.1 updates, refer to Knowledge Base article 73769.

- For Costpoint 7.0 updates, refer to Knowledge Base article 67722.

Before you install this update, please review all previous updates in the Knowledge Base article. You may need to install prerequisite programs or database patches (described in the Knowledge Base article) prior to installing this update. Note that when you download an update using Deltek Software Manager (DSM), all dependent files are automatically downloaded.

To Check to See if the HotFix is Installed:

1. Open the application that was updated.

2. Click **Help** > **About Costpoint** from the Costpoint toolbar. This will display a screen that shows you the latest update JAR for the application that is open, as well as the latest system JAR and all patches applied to the system.

More Information:

If you have any questions, please contact Deltek Customer Care at https://support.deltek.com.
