PEOPLE/EMPLOYEE/LDMELV/Employee Leave

[Deltek Defect Tracking Number:](#)

518844

[Issues Resolved:](#)

Description: When adding leave to a new employee, the following error displayed: "No Organization was provided for validation."

Customers Impacted: This defect affects Costpoint Employee users.

Workaround Before Fix: Enter the employee leave on the Manage Employee Information screen instead.

Additional Notes: None.

PEOPLE/LABOR/LDPUPET/Upload from Time Collection (ET)

[Deltek Defect Tracking Number:](#)

520452

[Issues Resolved:](#)

Description: When an invalid project was in the file, it was listed on the error report for an N or D timesheet. However, if you imported the timesheets, a system error displayed and the process did not create a CFM file.

Customers Impacted: This defect affects Costpoint Labor users.

Workaround Before Fix: None.

Additional Notes: Import Timesheets from Deltek Time and Expense errors are written to a CFM file and not to an ERR file.

PEOPLE/LABOR/LDMWORK/Work Schedules

[Deltek Defect Tracking Number:](#)

522098

[Issues Resolved:](#)

Description: The application tested whether or not connection to TESS exists (configured) in the deployment by actually trying to connect and catching error. Even though this method worked, it resulted in many long error messages in the log file about failed connections. The previous method of testing TESS connections was replaced with a new framework method.

Customers Impacted: This defect affects you if you use TESS with Costpoint.

Workaround Before Fix: None.

Additional Notes: None.

PEOPLE/PAYROLL/PRPRCOMP/Recompute Taxable Wages

Deltek Defect Tracking Number:

504171

Issues Resolved:

Description: The Recompute Taxable Wages process did not include records that have a posting sequence with more than two digits. This resulted in miscalculations when the limits were applied.

Customers Impacted: This defect affects Costpoint Payroll users.

Workaround Before Fix: None.

Additional Notes: This affects Social Security, FUTA, and SUTA computations.

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <https://deltek.custhelp.com> before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.

More Information:

If you have any questions, please contact Deltek support at <https://deltek.custhelp.com>.
