Hot Fix: cp711_ldpretro_021.zip

PEOPLE/LABOR/LDPRETRO/Create Retroactive Pay Timesheets

Deltek Defect Tracking Number:

1054973

Issues Resolved:

Description: The auto-adjust process should include C-type (Correcting) timesheets. This reverses the changes applied by the hotfix for bug 995423.

Customers Impacted: This defect affects Costpoint Labor users.

Workaround Before Fix: None.

Additional Notes: The C-type timesheets that were originally auto-adjusted (prior to applying hot fix for bug 995423) should be auto-adjusted by the Create Retroactive Timesheet Adjustments screen. D-Correcting and N-Correcting timesheets from Deltek Time and Expense are imported as C-type timesheets. Those timesheets must be auto-adjusted. Since there is no way to distinguish between original D, N, and C timesheets, the changes applied by the hotfix for bug 995423 must be reversed.
