

**Deployment Date: 10/5/2016**

**Hot Fix: cp711\_aopcmdat\_008.zip**

## **OTHERS/PRODUCT INTERFACES/AOPCMDAT/Transfer GovWin CM Data**

Deltek Defect Tracking Number:

714471

Issues Resolved:

**Description:** The process logs, which contain error, warning, and information messages regarding the integration, should use the standard Costpoint Framework File API. In addition, the **Integration Process Log File Location** field should be optional so that when there is no file location, the application will store the process logs in the database.

**Customers Impacted:** This defect affects Costpoint SaaS users who transfer data to GovWin Capture Management.

**Workaround Before Fix:** None.

**Additional Notes:** When the **Integration Process Log File Location** field is blank, you can access and download process logs on the Export Files screen (**Administration » System Administration » File Management » Export Files**).

Files Updated:

cp711\_aopcmdat\_008.zip

System File Dependencies:

cp711\_sys\_017.zip

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <https://deltek.custhelp.com> before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.
