Any updates that you make to the Vision Expense Report application while using the Screen Designer are automatically applied to the Navigator Expense Reports application.

Software Issues Resolved (2)

Vision
Deltek Defect Tracking Number: 411689

Description: When a document was uploaded but not attached to an expense report, Vision did not validate the attachment until attempting to save. At that point, you could choose to attach the document to an expense report, or delete the document. Vision was updated so this validation now occurs when the expense report is submitted.

Customers Impacted: This issue applies to clients using Vision 7.1 and later versions.

Workaround Before Fix: None.

Additional Notes: None.
