

**Deployment Date: 1/31/2016**

**Hot Fix: cp711\_prppchk\_003.zip**

## **PEOPLE/PAYROLL/PRPPCHK/Print\_Reprint Paychecks**

[Deltek Defect Tracking Number:](#)

475887

[Issues Resolved:](#)

**Description:** When an employee changed withholding state/local, the YTD state tax amount on the check stub did not include the previous state/local tax withholding amount. In addition to this, when you assigned an end date to a deduction and it was no longer on a current payroll record, the deduction (and YTD information) was no longer listed on the check stub.

**Customers Impacted:** This defect affects Costpoint Payroll users.

**Workaround Before Fix:** For the deduction information issue, instead of putting an end date, change amount to **0.00** to include the deduction and show the YTD information on the current check. There is no workaround for State Tax issue.

**Additional Notes:** None.

[Custom Programs Affected:](#)

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <https://deltek.custhelp.com> before you install the hot fix.

[To Download the Hot Fix:](#)

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.
