Deltek Costpoint HotFix Readme

Released: December 27, 2017

Limited Purpose FSA (Flexible Spending Account) Setting in Employee Self Service

The Configure Self Service screen now provides you the option to display the **Limited Purpose FSA** check box on Medical FSA screens for life events and benefits enrollment. **Limited Purpose FSA** check boxes allow you to designate an FSA as limited purpose only which will only reimburse vision and dental expenses.

> ⚠️ This enhancement is required for an upcoming Costpoint feature for supporting Evidence of Insurability (EOI). The updates in this release will only function when the rest of the enhancements for the EOI feature are released in 2018.

This particular Costpoint release updates the following screens with the corresponding changes:

Configure Self Service Settings (ESMESS)

A new check box, **Show 'Limited Purpose' checkbox**, allows you to display the check boxes for designating a limited purpose FSA on Medical FSA screens.

Set Up Company (SYPCOMP)

The following new fields were added to tables for company defaults:

- Days that employees are considered new employees (DAYS_NEW)
- Show 'Limited Purpose' flag in Medical FSA (SHOW_LIMIT_FSA_FL)

Patch and System JAR Requirements

This enhancement requires Costpoint 7.1.1 System JAR 036 and PATCH3335.

Application JAR Requirements

The following table shows the required application JAR version for each screen affected by this update:

Domain	Module	Application ID	Application Name	Application File
Administration	System Administration	SYPCOMP	Set Up Company	cp711_sypcomp_017.zip
People	Employee Self Service	ESMESS	Configure Self Service Settings	cp711_esmess_006.zip

More information about this release is on the following page.

Custom Programs Affected:

Sometimes an update can cause custom programs and reports to stop working as expected. Before applying this update, consider whether you have any custom programs or reports in the application area affected by the update. If so, contact Deltek Support Center at https://deltek.custhelp.com before you install the update.

To Download the HotFix Update:

1. From Internet Explorer, go to https://dsm.deltek.com.
2. Click **Run Deltek Software Manager**.
3. Log in using your Deltek Support Center credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hot Fixes folder for your product, and select the update to download.
6. Click **Download** at the bottom of the screen.

To Install the HotFix Update:

Refer to the installation instructions posted on the Deltek Support Center site, https://deltek.custhelp.com.

- For Costpoint 7.1.1 updates, refer to Knowledge Base article 79232.

- For Costpoint 7.0.1 updates, refer to Knowledge Base article 73769.

- For Costpoint 7.0 updates, refer to Knowledge Base article 67722.

Before you install this update, please review all previous updates in the Knowledge Base article. You may need to install prerequisite programs or database patches (described in the Knowledge Base article) prior to installing this update. Note that when you download an update using Deltek Software Manager (DSM), all dependent files are automatically downloaded.

To Check to See if the HotFix is Installed:

1. Open the application that was updated.

2. Click **Help » About Costpoint** from the Costpoint toolbar. This will display a screen that shows you the latest update JAR for the application that is open, as well as the latest system JAR and all patches applied to the system.

To Check to See if the Feature is Installed:

1. Click **Help » About Costpoint** from the Costpoint toolbar.

2. Open the Features subtask and click the Feature that was just installed.

3. Open the Applications subtask. Check the list of applications and their corresponding application jars and see if they are correct and have been successfully deployed (highlighted in green).

4. Open the Patches subtask. Check the list of patches and see if they are correct and have been successfully deployed (highlighted in green).
