

Deltek Costpoint HotFix Readme

Released: May 30, 2018

Updated Header and Instructions on Life Events and Benefits Enrollment

The Life Events/New Hires screen and the Benefits Enrollment screen now provide more information on the screen header and in the Instructions tab. To support this enhancement, this Costpoint release applies the corresponding changes to the following applications:

Life Events/New Hires (ESMLIFEEVENT)

- The Life Event, Life Event Date, and Status fields now display in the header across the top of the screen.
- The header displays the following additional information:
 - Employee Last Name
 - Employee First Name
 - Employee ID
- This Instructions tab now discuss the following:
 - Selection of benefits
 - Negative amounts for premiums
 - Saving dependent/beneficiary changes

Benefits Enrollment (ESMBENENROLL)

- The header information now displays across the top part of the screen.
- The field label changed from “Open Enrollment Period” to “Open Enrollment Period Start and End Dates” fields. This field is now included in the header.
- The field label changed from “Effective Dates” to “Benefits Start and End Dates.” This field is now included in the header.
- The Instructions tab now discuss the following:
 - Selection of benefits
 - Rollover of benefits
 - Negative amounts for premiums
 - Saving dependent/beneficiary changes

Application JAR Requirements

The following table shows the required application JAR version for each screen affected by this update:

Domain	Module	Application ID	Application Name	Application File
People	Employee Self Service	ESMBENENROLL	Benefits Enrollment	cp711_esmbenenroll_014.zip
People	Employee Self Service	ESMLIFEEVENT	Life Events/New Hires	cp711_esmlifeevent_018.zip

More information about this release is on the following page.

Custom Programs Affected:

Sometimes an update can cause custom programs and reports to stop working as expected. Before applying this update, consider whether you have any custom programs or reports in the application area affected by the update. If so, contact Deltek Support Center at <https://deltek.custhelp.com> before you install the update.

To Download the HotFix Update:

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click **Run Deltek Software Manager**.
3. Log in using your Deltek Support Center credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hot Fixes folder for your product, and select the update to download.
6. Click **Download** at the bottom of the screen.

To Install the HotFix Update:

Refer to the installation instructions posted on the Deltek Support Center site, <https://deltek.custhelp.com>.

- For Costpoint 7.1.1 updates, refer to Knowledge Base article 79232.
- For Costpoint 7.0.1 updates, refer to Knowledge Base article 73769.
- For Costpoint 7.0 updates, refer to Knowledge Base article 67722.

Before you install this update, please review all previous updates in the Knowledge Base article. You may need to install prerequisite programs or database patches (described in the Knowledge Base article) prior to installing this update. Note that when you download an update using Deltek Software Manager (DSM), all dependent files are automatically downloaded.

To Check to See if the HotFix is Installed:

1. Open the application that was updated.
2. Click **Help » About Costpoint** from the Costpoint toolbar. This will display a screen that shows you the latest update JAR for the application that is open, as well as the latest system JAR and all patches applied to the system.

To Check to See if the Feature is Installed:

1. Click **Help » About Costpoint** from the Costpoint toolbar.
2. Open the Features subtask and click the Feature that was just installed.
3. Open the Applications subtask. Check the list of applications and their corresponding application jars and see if they are correct and have been successfully deployed (highlighted in green).
4. Open the Patches subtask. Check the list of patches and see if they are correct and have been successfully deployed (highlighted in green).
