Deployment Date: 2/16/2016

Hot Fix: cp711_pjppop_002.zip

PJ/PJ/PJPPOP/Update Period of Performance

Deltek Defect Tracking Number:

562261

Issues Resolved:

Description: When a project has period of performance (POP) dates set to NULL in the PROJ and PROJ_EDIT tables and you ran the Update Project Period of Performance utility for all projects, the utility did not update the information for that project.

Customers Impacted: This defect affects Costpoint users.

Workaround Before Fix: Run the utility with **Project Range** set to **One** and the **Project** field with the specific project ID.

Additional Notes: None.

PJ/PJ/PJPPOP/Update Period of Performance

Deltek Defect Tracking Number:

575691

Issues Resolved:

Description: The Update Project Period of Performance utility updated dates incorrectly.

Customers Impacted: This defect affects Costpoint users.

Workaround Before Fix: None.

Additional Notes: A new drop-down list, **Update POP End Date based on latest end date from**, has been added to this screen. Users can select either of these options:

- All modifications - Select this option to update the POP end date using the latest ending date out of all applicable projects' modification ending dates.
- Only mods with latest effective dates - Select this option to update the POP end date using the latest ending date out of the most recent modification ending dates for each applicable project.

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at https://deltek.custhelp.com before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to https://dsm.deltek.com.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.
