MATERIALS/PRODUCTION CONTROL/PCRMODC/Print Manufacturing Order Documentation

Deltek Defect Tracking Number:

866423

Issues Resolved:

Description: When you printed manufacturing order (MO) picklist, the page number of the output did not start at page 1 with each new picklist.
Customers Impacted: This defect affects you if you need to have the page start at 1 for each MO number.
Workaround Before Fix: Print MOs individually.
Additional Notes: None.

MATERIALS/PRODUCTION CONTROL/PCRMODC/Print Manufacturing Order Documentation

Deltek Defect Tracking Number:

866575

Issues Resolved:

Description: Costpoint did not print the location for a part when the prior component part had the same location. This happened when the line number of both parts were the same and the parts were printed consecutively.
Customers Impacted: This defect affects Costpoint users.
Workaround Before Fix: Add a unique line number for parts with the same location.
Additional Notes: None.

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at https://deltek.custhelp.com before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to https://dsm.deltek.com.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.

More Information:
