PJ/IW/IWMPROJ/IWO Project Setup

[Deltek Defect Tracking Number:](#)

530841

[Issues Resolved:](#)

Description: A warning message has been added when a user sets up an IWO project at a level lower than the invoice-level project. It indicates that the IWO will not be able to include retainage, sales tax, over-total-ceiling, global withholding or withholding release amounts, or withholding release amounts, and setting it up at a level other than the billing level is not recommended. **Customers Impacted:** This change

maintaining these servers, and setting up a test environment. The change is not recommended because it is more important. The change affects Oracle and MSS database users of Costpoint. **Workaround Before Fix:** None. **Additional Notes:** None.

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <https://deltek.custhelp.com> before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.

More Information:

If you have any questions, please contact Deltek support at <https://deltek.custhelp.com>.
