MATERIALS/PRODUCT DEFINITION/PDMPART/Maintain Parts

Deltek Defect Tracking Number:

876454

Issues Resolved:

Description: There were various issues found on the user interface:

- U/M Conversions Subtask groupbox should have been adjusted.
- User-Defined Info Subtask Value field had fields that overlapped.
- The MPS Planning Part Description field overlapped with the groupbox when in Form view.
- The Part Security label was missing in the Clone EBOM/Clone MBOM subtasks.
- The text alignment was incorrect in the Alternate Work Center Form.
- When the Create Provisional Part and Clone EBOM Lines subtasks were minimized, the title was repeated. The said subtasks are within the in Engineering BOM subtask.

Customers Impacted: This defect affects you if you manage parts in Costpoint.

Workaround Before Fix: None.

Additional Notes: None.

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at https://deltek.custhelp.com before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to https://dsm.deltek.com.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.

6. Click Download at the bottom of the screen.
