

Deployment Date: 6/27/2016

Hot Fix: cp711_sys_018.zip

ACCOUNTING/ACCOUNTS PAYABLE/APMVEND/Maintain Vendors

[Deltek Defect Tracking Number:](#)

590458

[Issues Resolved:](#)

Description: There was no system validation when entered data existed in the **T&E Employee ID** field and the required fields in the Labor Information and History subtask were blank. The error occurred when data in the Labor Information and History subtask were already saved, and values were eventually entered in the **T&E Employee ID** field.

Customers Impacted: This defect affects you if you manage vendors in Costpoint.

Workaround Before Fix: None.

Additional Notes: None.

ACCOUNTING/ACCOUNTS PAYABLE/APPCKA/Approve Checks

[Deltek Defect Tracking Number:](#)

606226

[Issues Resolved:](#)

Description: There were issues found in the Current Lookup screen of the Cash Account Description field:

- The entered value in the Account or Organization field was not automatically converted to segments.
- The entered value in the Cash Account Description field was not automatically converted to uppercase.

Customers Impacted: This defect affects you if you approve checks in Costpoint.

Workaround Before Fix: None.

Additional Notes: None.

Framework

Deltek Defect Tracking Number:

604983

Issues Resolved:

Description: Framework and the following applications have been updated to add support for managing user groups through the Active Directory.

- Manage Users - A new check box, Manage User Groups in Active Directory, has been added to the Authentication tab. This check box is enabled only for Active Directory and Windows Domain and Active Directory authentication methods. Select this check box if you want a user to automatically be assigned to user groups mapped to the Active Directory linked to the user. Upon login, those user groups display on the Assigned User Groups subtask.
- Manage User Groups - A new column, Active Directory ID (sAMAccountName), is now available on this screen. Use this column to enter the ID of the Active Directory you want to map to a user group. After you mapped the Active Directory to the user group, the users belonging to the Active Directory will automatically be assigned to the user group if the Manage User Groups in Active Directory check box on the Manage Users screen is selected for these users.

Customers Impacted: This enhancement affects Costpoint users.

Workaround Before Fix: None.

Additional Notes: None.

PJ/SM/SMMWRK/Manage Work Assignments

Deltek Defect Tracking Number:

592528

Issues Resolved:

Description: This application is updated to add validations when linking a vendor employee to a charge line. If the charge line start date exists, the start date for the vendor employee must be equal to or later than the charge line start date and cannot be null. If the charge line end date exists, the vendor employee end date must be equal to or earlier than the charge line end date and cannot be null.

Customers Impacted: This change affects clients who use the Subcontractor Management module.

Workaround Before Fix: None.

Additional Notes: None.

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <https://deltek.custhelp.com> before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.
