Issues Resolved:

Description: Several changes have been made to the Customers/Contacts tab:

- You can no longer edit existing contact information.
- You are allowed to create new contacts but only for valid Customer/Address Code combinations.
- A new field, Point of Contact, has been added to this tab. Use this field to select an existing valid contact ID of the contact that you want to link to the contract, or enter a new contact ID to add a new contact to the **Customer/Address Code** combination. For existing valid contact IDs, the contact's first and last names display in the adjacent fields. For new contact IDs, enter the contact's first and last names and any related contact information in the adjacent fields.
