PEOPLE/BENEFITS/HBMBPSET/Benefit Plan Setup

Deltek Defect Tracking Number:

747911

Issues Resolved:

Description: The **Age Calculation Method** field was hidden based on Employee Self Service (ESS) license/version. This field should display at all times regardless of ESS license.

Customers Impacted: This defect affects Costpoint Employee Self Service users.

Workaround Before Fix: Complete the following steps as a workaround:

1. Update the **ESS Version ID** field value on the ESS Global Settings table (ESS_GLBL_SETTINGS) by running a script in the backend.
(UPDATE DELTEK.ESS_GLBL_SETTINGS SET S_ESS_VERS_ID = '7.1.6')
2. Run the Rebuild Global Settings process.

Additional Notes: This issue occurred when the **ESS Version** field on the Configure ESS Global Settings screen was blank.
