

Deployment Date: 2/16/2016

Hot Fix: cp711_pjrlabsm_003.zip

PJ/PI/PJRLABSM/Print Project Labor Summary

Deltek Defect Tracking Number:

542551

Issues Resolved:

Description: When you tried to include **YTD Budget GLC Hours** in the Project Labor Summary Report, Costpoint displayed the following error message: "Invalid column heading selection." This happened when you selected first the report columns to be included in the report before selecting **Sort Order** options, and set the sort order for **Labor Category** not equal to **1**.

Customers Impacted: This defect affects Costpoint users.

Workaround Before Fix: None.

Additional Notes: Error messages for this screen have been revised to better inform users about the limitations on what columns can be selected based on other options selected on the screen.

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <https://deltek.custhelp.com> before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.

More Information:
