## **PJ/SM/SMMSETNG/Configure Subcontractor Management Settings**

**Deltek Defect Tracking Number:**

591308

**Issues Resolved:**

**Description:** Several updates have been made to the Configure Subcontractor Management Settings screen, as follows:

- The Charging Rules group box has been renamed to Charging Validation Rules in T&E.
  - Under this group box, some fields have been reordered.
  - The following fields have been removed: Allow Entered Hours over Charge Line/Vendor Employee Hours and Allow Charges over Charge Line/Vendor Employee Amount.
- The Validation of Vendor Employee Security Status Against PO group box has been renamed to Validation of Vendor Employee Security Status Against Work Assignment.
- The Subcontractor Invoice Options group box has been renamed to Subcontractor Invoice.
  - Under this group box, the Options group box has been added to contain the already existing Allow Edit of Invoice Rate and Require Subcontractor Approval options.
  - The If no WA rate exists for 3-way match, first use group box has been moved to this group box.
- A new group box, Create Subcontractor Invoices, is added to contain the rules that the Create Subcontractor Invoices process will use for validation and the default unallowable accounts.

**Customers Impacted:** These changes affect users of the Subcontractor Management module.

**Workaround Before Fix:** None.

**Additional Notes:** Changes have also been made to the Business Rules tab of the Manage Work Assignments application to reflect the updates to Configure Subcontractor Management Settings.
