

Hot Fix: cp711_te_tmrfirchk_002.zip

10.0/Time/TM/TMRFLRCHK

Deltek Defect Tracking Number:

823406

Issues Resolved:

Description: Updates were made to this screen as follows:

- The "Run for previous Day (Ignore Date Below)" field label was changed to "Scheduled (Ignore Specific Date Below)." Select this check box run the report for the previous system date, which is always yesterday's date. When this check box selected, the Specific Date field is ignored.
- A "Monday - Friday with Monday Run Checking Friday" check box was added. This check box can be selected only if the above one is also selected. When both check boxes are selected and the calendar date is Monday, then the report is run against the previous Friday.

Customers Impacted: These changes affect Time module customers.

Workaround Before Fix: None.

Additional Notes: None.

cp711_te_tmrfirchk_002.zip

System File Dependencies:

cp711_te_common_001.zip

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <https://deltek.custhelp.com> before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.
