

Deployment Date: 6/18/2015

Hot Fix: cp711_pjmaljnl_001.zip

PJ/CR/PJMALJNL/Maintain Allocation Journal

Deltek Defect Tracking Number:

482088

Issues Resolved:

Description: When you tried to clone or copy a record that was printed but not yet posted, Costpoint displayed an error message indicating that you cannot modify posted journals.

Customers Impacted: This defect affects Cost and Revenue Processing users in Costpoint 7.1.1.

Workaround Before Fix: Do not clone or copy records in an active posting.

Additional Notes: The **Post Sequence Number** should be cleared on clone and copy when the user tries to print the journal report in Post Pool Journals without posting the original record and retrieve the record again in Manage Allocation Journals.

Files Updated:

cp711_pjmaljnl_001.jar

System File Dependencies:

N/A

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <https://deltek.custhelp.com> before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.
