## Overview

The Deltek Costpoint Regulatory Release Notes for Quarter 4 2019 provide information for calendar year end (CYE). This release is Part 2 of 3 for the 2019 CYE regulatory releases.

## **IMPORTANT NOTES**

### [Versions 7.0.1 and 7.1.1 - Calendar Year End 2019](#)

Please be aware that you must have the following System JARs loaded before loading this Calendar Year End 2019 release.

#### **Calendar Year End 2019 System JAR Requirements**

- Costpoint 7.0.1: System JAR 054 (released June 2018)
- Costpoint 7.1.1: System JAR 034 (released October 2017)

**Note: System JAR 049 for Costpoint 7.0.1 and System JAR 028 for Costpoint 7.1.1** introduced a much needed change to the State Filing Statuses in Costpoint. Rather than using filing statuses that only applied to Costpoint (Both, Miscellaneous 1, Miscellaneous 2, etc.) and had to be manually mapped to each state's actual filing statuses, Costpoint 7.0.1 and 7.1.1 were updated to use each state's actual filing status(es). Any tax updates starting in January 2019 only support the new state filing statuses that were introduced in System JAR 049 for 7.0.1 and System JAR 028 for 7.1.1 (both released in April 2017).

In order to update the old state filing statuses to the new state filing statuses, you must run the Update State Filing Statuses utility which you can access by going to **People » Payroll » Payroll Utilities** menu. You must run this utility before you can load any tax table updates that were released by Deltek starting in January 2019.
