

# Deltek Costpoint Enhancement Readme

Release Date: March 30, 2017

## Libraries in View Help About (SYMABOUT)

You can now check the list of deployed libraries in Costpoint 7.1.1. on the View Help About (SYMABOUT) screen. There are two subtasks available when viewing the list of deployed libraries which are:

- **Deployed Libraries** — This subtask displays all deployed libraries in your Costpoint implementation. It also includes another subtask that displays the applications per library.

The screenshot shows the 'View Help About' screen in Costpoint 7.1.1. The 'General Information' section includes a copyright notice and the following details:

- Framework Version: 7.1.1
- Product Version(s): Costpoint 7.1.1, B&P
- System Hot Fix File: (empty)
- Product Common Version(s): (empty)
- System: OCP71D0
- Company: 1
- Validation Frequency: Field
- Deltek Website: http://www.deltek.com/

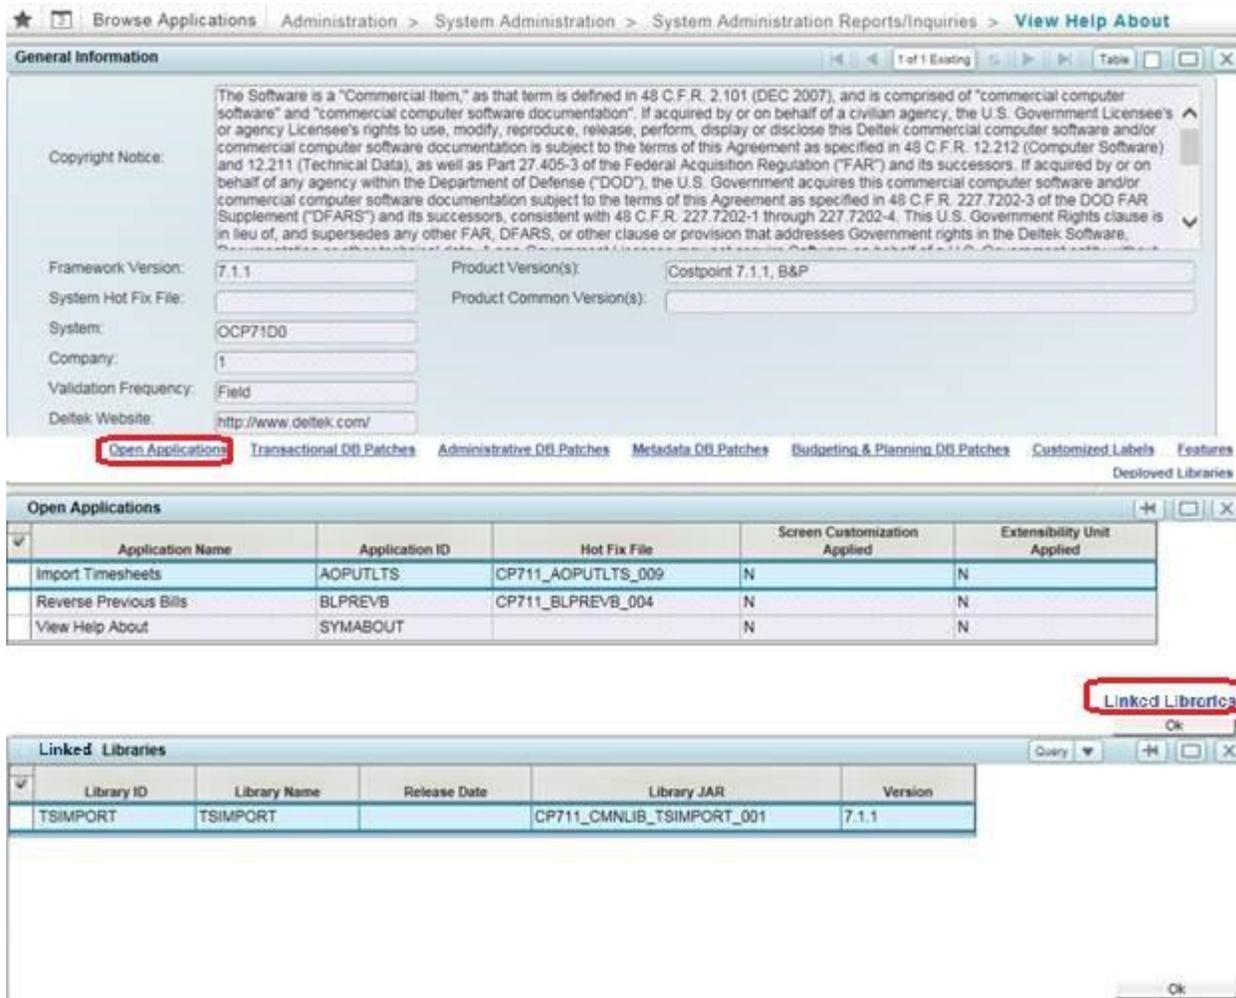

The 'Deployed Libraries' table is as follows:

Library ID	Library Name	Release Date	Library JAR	Version
CALCBILLS	Calc bills process		CP711_CMNLIB_CALCIBILLS_002	7.1.1
PPMENTRQ	PPMENTRQ		CP711_CMNLIB_PPMENTRQ_001	7.1.1
TSIMPORT	TSIMPORT		CP711_CMNLIB_TSIMPORT_001	7.1.1

The 'Applications' table is as follows:

Application ID	Application Name	Application JAR	Version
BLPGBILL	Calculate Standard Bills	CP711_BLPGBILL_010	7.1.1
BLPRBIL	Calculate Retroactive Bills	CP711_BLPRBIL_004	7.1.1
BLPREVB	Reverse Previous Bills	CP711_BLPREVB_004	7.1.1

- **Linked Libraries** — This subtask is found in the Open Applications subtask. The Linked Libraries screen displays the libraries used by a specific application which is currently open or selected.

### Application JAR Requirement

The following table shows the required application JAR affected by this update.

Domain	Application Name	Application JAR
Administration	View Help About (SYMABOUT)	cp711_symabout_005.zip

In addition, PATCH5070 is required for this update:

More information about this release is on the following page.

## Custom Programs Affected:

Sometimes an update can cause custom programs and reports to stop working as expected. Before applying this update, consider whether you have any custom programs or reports in the application area affected by the update. If so, contact Deltek Customer Care at <http://support.deltek.com> before you install the update.

## To Download the HotFix/Feature Update:

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click **Run Deltek Software Manager**.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hot Fixes folder for your product, and select the update to download.
6. Click **Download** at the bottom of the screen.

## To Install the HotFix/Feature Update:

Refer to the installation instructions posted on Deltek's Customer Care Connect site, <https://deltek.custhelp.com>.

- For Costpoint 7.1.1 updates, refer to Knowledge Base article 79232.
- For Costpoint 7.0.1 updates, refer to Knowledge Base article 73769.
- For Costpoint 7.0 updates, refer to Knowledge Base article 67722.

Before you install this update, please review all previous updates in the Knowledge Base article. You may need to install prerequisite programs or database patches (described in the Knowledge Base article) prior to installing this update. Note that when you download an update using Deltek Software Manager (DSM), all dependent files are automatically downloaded.

## To Check to See if the HotFix is Installed:

1. Open the application that was updated.
2. Click **Help > About Costpoint** from the Costpoint toolbar. This will display a screen that shows you the latest update JAR for the application that is open, as well as the latest system JAR and all patches applied to the system.

## To Check to See if the Feature is Installed:

1. Click **Help > About Costpoint** from the Costpoint toolbar.
2. Open the Features subtask and click the Feature that was just installed.
3. Open the Applications subtask. Check the list of applications and their corresponding application jars and see if they are correct and have been successfully deployed (highlighted in green).
4. Open the Patches subtask. Check the list of patches and see if they are correct and have been successfully deployed (highlighted in green).

## More Information:

If you have any questions, please contact Deltek Customer Care at <https://support.deltek.com>.
