

Deltek Vision Cumulative Update Notes

Released: April 04, 2014

Release Name: Cumulative Update #019

Software Issues Resolved (5)

Accounting

Revenue

Revenue Generation

Deltek Defect Tracking Number: 415822

Description: If you ran Revenue Generation with selection criteria of Company or Organization at the work breakdown structure 3 (task) level, duplicate gain or loss entries were made in error.

Customers Impacted: This defect applies to Vision 7.0 SP1 and later versions.

Workaround Before Fix: None.

Additional Notes: None.

Files Updated

Deltek.Vision.RevenueGeneration.Server.dll

Other Applications Affected

System File Dependencies

Billing

Interactive Billing

Deltek Defect Tracking Number: 412979

Description: When previewing an invoice for a project from the Invoices on File dialog box, if you declined to preview supporting documents also and you then previewed an invoice for a another project, the invoice displayed for the second project was the invoice for the first project.

Customers Impacted: This defect applies to Vision 7.1 and later versions.

Workaround Before Fix: You can include the supporting documents when you preview the invoices, or you can disable the **Print Supporting Documents** option for the project on the Billing Backup tab of Billing Terms before previewing the invoice and then select that option again when you are through previewing.

Additional Notes: None.

Files Updated

Deltek.Vision.interactiveBilling.Client.dll

Other Applications Affected

System File Dependencies

Microsoft Office Desktop Integration

Deltek Defect Tracking Number: 410195

Description: MODI and Outlook Add-In would not load in Outlook 2013.

Customers Impacted: This defect applies to Vision 7.1 and later versions.

Workaround Before Fix: None.

Additional Notes: After you install this Cumulative Update, you must rerun DeltekMicrosoftOfficeAndDesktopIntegration.msi in the Web\Integration folder.

Files Updated

DeltekMicrosoftOfficeAndDesktopIntegration.msi

Other Applications Affected

System File Dependencies

Navigator

Deltek Defect Tracking Number: 416082

Description: When a project was selected on the Kona panel within the Navigator application, an error message displayed. This only occurred when the Navigator session was launched from the Vision application.

Customers Impacted: This issue applies to clients using Vision 7.1 and later versions.

Workaround Before Fix: None.

Additional Notes: None.

Files Updated

Deltek.Framework.Controls.Client.dll

Other Applications Affected

System File Dependencies

Deltek Defect Tracking Number: 418441

Description: When entering an expense item's details in the Navigator Expense Report application, Navigator did not honor the security access rights that were assigned to Staff users for the selected category. This resulted in the **Account** field being enabled and incorrectly available for edits.

Customers Impacted: This applies to Vision 7.1.

Workaround Before Fix: Require a category and do not show the Account Number or Name columns on the grid (Configuration > Time & Expense > Company Expense Report Configuration).

Additional Notes: None.

Files Updated

deltek.vision.visionservices.server.dll

Other Applications Affected

System File Dependencies

More information about this release is on the following page.

Custom Programs Affected:

Sometimes an update can cause custom programs and reports to stop working as expected. Before applying this update, consider whether you have any custom programs or reports in the application area affected by the update. If so, contact Deltek Customer Care at <http://support.deltek.com> before you install the update.

To Download the Cumulative Update:

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click **Run Deltek Software Manager**.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Cumulative Updates folder for your product, and select the update to download.
6. Click **Download** at the bottom of the screen.

To Install the Cumulative Update:

Run the executable (.exe) file only on your application server, unless additional tiers are specifically noted in the defect descriptions above.

To Check to See if the Cumulative Update is Installed:

1. Click **Help > About** from the Vision toolbar.
2. Click the **Details** button on the **About Deltek Vision** dialog box.

More Information:

If you have any questions, please contact Deltek Customer Care at <https://support.deltek.com>.
