Framework/External Tools

Deltek Defect Tracking Number:

868026

Issues Resolved:

Description: Some Costpoint tools did not start up properly, and logged information was not sufficient to determine the cause.

Customers Impacted: This defect affects Costpoint users.

Workaround Before Fix: Restart the tool.

Additional Notes: If some of the tools do not start properly, you have to add the following line to CPWebSetEnv.cmd: set DEBUG_CP_TOOLS=true, and then restart the tool.

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at https://deltek.custhelp.com before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to https://dsm.deltek.com.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.

4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.
