**Deltek Defect Tracking Number:**

952309

**Issues Resolved:**

**Description:** When you attempted to import a Deltek Time and Expense timesheet with a timesheet line that contained an invalid charge, the application partially imported the timesheet to Costpoint. In this scenario, if a timesheet line was rejected, the whole timesheet should be rejected, and the timesheet records should not be created for the timesheet.

**Customers Impacted:** This defect affects Costpoint users who import timesheets from Deltek Time and Expense.

**Workaround Before Fix:** None.

**Additional Notes:** None.
