System File Dependencies:

cp711_sys_018.zip

MATERIALS/RECEIVING/RCMINSP/Enter QC Inspections

Deltek Defect Tracking Number:

602494

Issues Resolved:

Description: The Autoload Serial/Lot subtask created an extra system generated serial number when this subtask was in form view when autoload was performed.
Customers Impacted: This defect affects you if you use the Costpoint Receiving module.
Workaround Before Fix: Do not perform the Autoload while in the form view, use the table view instead.
Additional Notes: None.

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at https://deltek.custhelp.com before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to https://dsm.deltek.com.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.
