Deployment Date: 8/5/2019

Hot Fix: cp711_sys_055.zip; cp711_apmsetvn_002.zip

ACCOUNTING/ACCOUNTS PAYABLE/APMSETVN/Vendor Settings

Deltek Defect Tracking Number:

1098595

Issues Resolved:

Description: When Auto-Positioning was set to No (Off), you observed the following issues on the screen:

- The left borderlines of sections were not visible.
- The labels of sections were misaligned with the top borderline.
- The options overlapped with their labels.

Customers Impacted: This defect affects you if you configure vendor settings in Costpoint.
Workaround Before Fix: Maximize the screen and then minimize it to display the left borderlines of sections.
Additional Notes: None.

CG/CT/CTMCNLAB/Manage Contract User-Defined Labels

Deltek Defect Tracking Number:

1102457

Issues Resolved:

Description: The following issues occurred when auto-position mode was off:

- The Costpoint Validation Field text box extended beyond the Requirements group box.
- The Costpoint Validation Field lookup icon did not adjust when the screen was maximized.

Customers Impacted: This defect affects users of the New Version UI.

Workaround Before Fix: None.

Additional Notes: None.

Files Updated:

cp711_sys_055.zip

Framework

Deltek Defect Tracking Number:

1132027

Issues Resolved:

Description: An error occurred when you opened a printed file that was generated using a Word template.

Customers Impacted: This defect affects you if you use Word templates to print files in Costpoint.

Workaround Before Fix: None.

Additional Notes: None.

Files Updated:

cp711_sys_055.zip

Framework

Deltek Defect Tracking Number:

1134222

Issues Resolved:

Description: When you used Find/Replace to clear the Enabled check boxes in the Approval Role Users window and then saved the record, the update did not save and the Enabled check boxes were not cleared.

Customers Impacted: This issue affected Costpoint 7.1.1 approval workflow users.

Workaround Before Fix: None.

Additional Notes: None.

Files Updated:

cp711_sys_055.zip

Framework

Deltek Defect Tracking Number:

1134365

Issues Resolved:

Description: The log on page has been updated to reduce the background image size.

Customers Impacted: This affects you if you are a Costpoint mobile user.

Workaround Before Fix: None.

Additional Notes: None.

Files Updated:

cp711_sys_055.zip

Framework

Deltek Defect Tracking Number:

1140248

1140240

Issues Resolved:

Description: A system error occurred when you clicked the Approval button in an application screen.

Customers Impacted: This issue affects you if you use Workflow Approval in Costpoint 7.1.1.

Workaround Before Fix: None.

Additional Notes: None.

Files Updated:

Framework/Runtime/Client

Deltek Defect Tracking Number:

1132011

Issues Resolved:

Description: An error occurred when you clicked Create Timesheet without selecting a missing timesheet row, in the Manage/Approve Timesheet application.

Customers Impacted: This issue affects you if you use the Manage/Approve Timesheet application.

Workaround Before Fix: None.

Additional Notes: None.

Files Updated:

cp711_sys_055.zip

Framework/Runtime/Client

Deltek Defect Tracking Number:

1133496

Issues Resolved:

Description: An error occurred when you clicked **Execute** on the **Manage Approve Timesheet** screen.

Customers Impacted: This issue affects all Costpoint 7.1.1 users.

Workaround Before Fix: None.

Additional Notes: None.

Files Updated:

cp711_sys_055.zip

Framework/Runtime/Server

Deltek Defect Tracking Number:

1141166

Issues Resolved:

Description: Sharepoint column names that are defined with digits in the Enter or Manage Content Types (SYMCMICT) application (e.g. column name: Attached1), caused errors in Costpoint CMI queries when you tried to look up a document.

Customers Impacted: This affects you if you use Content Management Integration (CMI) with Sharepoint.

Workaround Before Fix: Do not use digits in column names.

Additional Notes: None.

Files Updated:

cp711_sys_055.zip

Framework/Runtime/Client

Deltek Defect Tracking Number:

1145449

Issues Resolved:

Description: An error occurred when you clicked Create Timesheet without selecting a missing timesheet row, in the Manage/Approve Timesheet application.

Customers Impacted: This issue affects you if you use the Manage/Approve Timesheet application.

Workaround Before Fix: None.

Additional Notes: None.

Files Updated:

cp711_sys_055.zip

Framework/Runtime/Server

Deltek Defect Tracking Number:

1154130

Issues Resolved:

Description: The "Can't retrieve application rights.- Can't find bind variable userId among public variables of the class" critical error occurred when you attempted to open new extensibility result sets (subtasks) or applications. This error was received only once, for the first user who accessed the subtask/application. Any user who accessed the subtask/application could open it without error. However, if the Costpoint service was restarted, the critical system error reappeared for the first user who accessed the subtask/application.Also, custom reports were not referenced and anytime you ran a report that was customized via birt, the standard Deltek report was returned.

Customers Impacted: These issues affected all Costpoint 7.1.1 customers who use extensibility.

Workaround Before Fix: None.

Additional Notes: None.

MATERIALS/INVENTORY/INMSET/Inventory Settings

Deltek Defect Tracking Number:

1117389

Issues Resolved:

Description: When you entered a common stock inventory abbreviation value from a project that is not specified as a common inventory, you encountered an error.
Customers Impacted: This defect affects Costpoint users.
Workaround Before Fix: None.
Additional Notes: A new check box, **Allow Common Stock sourced from a Non-Common Inventory Project**, has been added to the screen to allow **Common Stock Inv Abbrev** field to have a value from a non-common inventory project. This change requires PATCH3682.

PJ/PJ/PJMDELIV/Deliverables

Deltek Defect Tracking Number:

1094741

Issues Resolved:

Description: Group box borders overlapped on the right side of the screen when auto-position mode was off.

Customers Impacted: This defect affects users of the New Version UI.

Workaround Before Fix: None.

Additional Notes: None.

Files Updated:

cp711_sys_055.zip

PJ/PJ/PJMUDLAB/Project User-Defined Labels

Deltek Defect Tracking Number:

1110226

Issues Resolved:

Description: Field labels were not aligned with their corresponding text boxes when auto-position mode was off.

Customers Impacted: This defect affects users of the New Version UI.

Workaround Before Fix: None.

Additional Notes: None.

Files Updated:

cp711_sys_055.zip

PJ/SM/SMQWA/View Work Assignment Status

Deltek Defect Tracking Number:

1094718

Issues Resolved:

Description: On the Business Rules tab, in form view, the **Allow Charge line to exceed PO Line value** and **Auto-Load PO** group boxes overlapped with the subtask names. In addition, on the Properties subtask (found on the Vendor Employees subtask of the Charges subtask), the **Fixed Assets Information** group box label was displayed inside the group box.

Customers Impacted: This defect affects you if you use View Work Assignment Status in Costpoint.

Workaround Before Fix: None.

Additional Notes: None.

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at https://deltek.custhelp.com before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to https://dsm.deltek.com.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.

4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.

More Information:

If you have any questions, please contact Deltek support at https://deltek.custhelp.com.
