Deployment Date: 6/27/2016

Hot Fix: cp711_fapprep_003.zip

ACCOUNTING/FIXED ASSETS/FAPPREP/Fixed Assets Preprocessor

Deltek Defect Tracking Number:

546827

Issues Resolved:

Description: Field validation counted the negative symbol as a digit when an input file had negative 17 meaningful digits entered in any of the following asset fields:

- Quantity
- Unit Price
- Prior Units Used
- Current Units Used

Customers Impacted: This defect affects you if you import asset records in Costpoint and the input file had negative values.

Workaround Before Fix: Do not put a negative symbol in the input files. After asset records in the input file are imported, update the negative fields in the Manage Asset Master Information (FAMASSET) application.

Additional Notes: None.

Files Updated:

cp711_fapprep_003.jar

System File Dependencies:

ACCOUNTING/FIXED ASSETS/FAPPREP/Fixed Assets Preprocessor

Deltek Defect Tracking Number:

605387

Issues Resolved:

Description: An error occurred when an input file with the maximum field length of 15 for Account, 20 for Organization, and 30 for Project was processed. The input file also had a problem with the Project/Organization/Account combination.

Customers Impacted: This defect affects you if you import asset records in Costpoint.

Workaround Before Fix: Manually enter the asset record in Costpoint.

Additional Notes: None.

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at https://deltek.custhelp.com before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to https://dsm.deltek.com.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.
