Deltek Defect Tracking Number:

859093

Issues Resolved:

**Description:** Since Costpoint requires phone numbers in phone records, the integration should ignore phone records without phone numbers in the new hires XML. Onboarded applicants with no secondary phone numbers have an empty phone record in the new hires XML. The integration created a similar record for Costpoint but the record fails validation since a phone number is required. This caused the employee record to not be imported into Costpoint.

**Customers Impacted:** This defect affects Costpoint - Deltek Talent Management Integration users.

**Workaround Before Fix:** None.

**Additional Notes:** None.
