Deltek Vantagepoint 6.0 Custom Report Template Files RDLs

The DeltekVantagepoint60CustomReportTemplateFilesRDLs.zip file that you download from the Deltek Support Center (Deltek Vantagepoint 6.0 (GA) Documentation List) contains custom report template files. Use these Report Definition Language (.rdl) files for creating Vantagepoint custom reports.

For complete information about custom reports, including how to load and use the custom report template files, see the Custom Reports and Microsoft SQL Server® Reporting Services guide.
