

Deployment Date: 5/15/2015

Hot Fix: cp711_inmpaxfr_003.zip

MATERIALS/INVENTORY/INMPAXFR/Enter Inventory Transfers

[Deltek Defect Tracking Number:](#)

495906

[Issues Resolved:](#)

Description: Costpoint did not allow you to enter multiple transaction lines for Borrow type reservations.

Customers Impacted: This affects Costpoint 7.1.1 users who use the Inventory module.

Workaround Before Fix: Enter partial information on the autoloading line. Then, select that line, and use the Copy Line function to insert a duplicate row with all the relevant information from the reservation. You can then enter the quantity and location information into the newly-created line.

Additional Notes: None.

MATERIALS/INVENTORY/INMPAXFR/Enter Inventory Transfers

[Deltek Defect Tracking Number:](#)

499773

[Issues Resolved:](#)

Description: The value in the **Reservation Qty** field was not updated correctly in the RES_LN and INVT tables. This occurred when you manually entered the reservation information instead of using the **Autoload** function to populate the field.

Customers Impacted: This affects Costpoint 7.1.1 users who use the Inventory module.

Workaround Before Fix: Use the **Autoload** button to load reservation information.

Additional Notes: None.

MATERIALS/INVENTORY/INMPAXFR/Enter Inventory Transfers

[Deltek Defect Tracking Number:](#)

503052

[Issues Resolved:](#)

Description: Costpoint did not load information on the Child Transaction Window (CTW) for transfer/payback transactions when you clicked **Autoload**. The issue occurred when the payback reservation's **From Warehouse** and **To Warehouse** fields contained different values.

Customers Impacted: This affects Costpoint 7.1.1 users who use the Inventory module.

Workaround Before Fix: None.

Additional Notes: None.

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <https://deltek.custhelp.com> before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.

More Information:

If you have any questions, please contact Deltek support at <https://deltek.custhelp.com>.
