PEOPLE/LABOR/LDMTIME/Enter Timesheets

Deltek Defect Tracking Number:

998440

Issues Resolved:

Description: The application displayed new labor group, status, and rate type values on saved timesheets when you created a new employee salary information history record with changes for any of the timesheet header salary values.

Customers Impacted: This defect affects Costpoint Labor users.

Workaround Before Fix: None.

Additional Notes: This is a cosmetic issue only. The screen displayed a new labor group but the application did not save the value into the database unless you updated a value on a timesheet and then saved your changes.
