MATERIALS/MATERIAL PRODUCTION SCHEDULING/MSRMSS/Print Master Production Schedule Report

Deltek Defect Tracking Number:

726051

Issues Resolved:

Description: The Master Production Schedule report included several lines with the same information, when the items by company flag was selected and the item's commodity code existed in more than one company.

Customers Impacted: This defect affects you if you use the Costpoint Master Production Scheduling module.

Workaround Before Fix: Remove the commodity code from the other company, unless there is record dependency between the combination of commodity code and company.

Additional Notes: None.
