Hot Fix: cp711_blpwawf_003.zip

PJ/BL/BLPWAWF/Create WAWF Billing Files

Deltek Defect Tracking Number:

543667

Issues Resolved:

Description: Line 7 and Line 16B in the MOCAS Standard Bill Cost Voucher FTP file were incorrectly populated.

Customers Impacted: This defect affects Costpoint users.

Workaround Before Fix: None.

Additional Notes: Create WAWF Billing Files has been modified to correctly populate Line 7 and Line 16B in the WAWF FTP file. Changes are as follows:

- Line 7, Fields 1 (Service Start Date) and 2 (Service End Date) now pull data from the billing start and end dates on the Manage Standard Bills screen instead of the period of performance start and end dates on the Manage Modifications screen.
- Line 16B, Field 2 (SSN) was previously not populated by Costpoint. Now, this field pulls data from the new Standard Document Number (SDN) field added to the Manage ACRN Bills screen.
