Costpoint

Accounting

No new Accounting features currently planned for the upcoming month.

Contracts

No new Contracts features currently planned for the upcoming month.

Projects

VAT Included in IWOs and VAT Reporting

This enhancement will allow users to move sales tax and/or value-added tax (VAT) values through the intercompany work order (IWO) to the receiving company, and allow them to report those values on VAT reports and sales tax inquiries. This will also allow users to bill the end customer if they choose to. Several screens and reports in the Projects and Accounting domains are currently being updated for this enhancement.

Materials

No new Materials features currently planned for the upcoming month.

People/Regulatory

2019 Calendar Year End (CYE) Regulatory Updates – Part 1

Part 1 of 2019 CYE regulatory updates will be released in early December 2019.This includes enhancements for the following federal and state updates:

- Updated federal and state tax tables
- Updated Affordable Care Act XML files for 2019
- Separate 1099 reporting for non-employee compensation
- USERRA make-up amounts for 2018 in W-2
- Massachusetts Paid Family and Medical Leave
- Oregon W-2 transit tax
- Pennsylvania W-2 with Philadelphia local tax details

Reports & Analytics

Admin

Updated View of Timesheets on Mobile Devices

The Manage Timesheets and Manage/Approve Timesheets screens within the browser-based Time and Expense 10 solution will be updated to more closely resemble the user interface used in a recently released native mobile time application. The Progressive Web Application (PWA) model used by this solution will allow a customer to disable the new user interface and return to the current screen layout, if necessary.
