

**Deployment Date: 7/25/2017**

**Hot Fix: cp711\_pcmrelmo\_015.zip**

#### **MATERIALS/PRODUCTION CONTROL/PCMRELMO/Relieve Manufacturing Orders**

[Deltek Defect Tracking Number:](#)

770383

[Issues Resolved:](#)

**Description:** The actual average cost was replaced with the cost of the last reversal transaction instead of being recalculated.

**Customers Impacted:** This defect affects Costpoint users.

**Workaround Before Fix:** None.

**Additional Notes:** None.

#### **MATERIALS/PRODUCTION CONTROL/PCMRELMO/Relieve Manufacturing Orders**

[Deltek Defect Tracking Number:](#)

777443

[Issues Resolved:](#)

**Description:** The application has been modified to add a warning message to users when the **ETC Percent** field is = 0.

**Customers Impacted:** This change affects Costpoint users who use ETC percent in partial MO reliefs.

**Workaround Before Fix:** None.

**Additional Notes:** The warning message will only be displayed when the partial relief costing option is applicable and with the following conditions:

- Not a reversed transaction
- Not a negative relief transaction
- Total relieved quantity < build quantity or MO status is not completed

#### **MATERIALS/PRODUCTION CONTROL/PCMRELMO/Relieve Manufacturing Orders**

[Deltek Defect Tracking Number:](#)

802528

[Issues Resolved:](#)

**Description:** In Web Integration Console, you experienced insufficient unallocated backflush part error when MO was closed short. This happened even though the calculated per assembly quantity of the backflush component was enough for partial relief.

**Customers Impacted:** This defect affects Costpoint users.

**Workaround Before Fix:** Run the process via the front end.

**Additional Notes:** None.

#### **MATERIALS/PRODUCTION CONTROL/PCMRELMO/Relieve Manufacturing Orders**

[Deltek Defect Tracking Number:](#)

#### Deltek Defect Tracking Number:

803919

#### Issues Resolved:

**Description:** When you created a manufacturing order (MO) relief for lot-tracked parts, you encountered an error message that said that the serial number was already in stock.

**Customers Impacted:** This defect affects Costpoint users.

**Workaround Before Fix:** None.

**Additional Notes:** None.

#### Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <https://deltek.custhelp.com> before you install the hot fix.

#### To Download the Hot Fix:

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.

#### More Information:

If you have any questions, please contact Deltek support at <https://deltek.custhelp.com>.
