ACCOUNTING/ACCOUNTS PAYABLE/APPTECMT/Import TE Expense Commitments

Deltek Defect Tracking Number:

786533

Issues Resolved:

Description: There was no warning message when there was a project in the input file that was not within the period of performance.

Customers Impacted: This defect affects you if you import TE expense commitments in Costpoint.

Workaround Before Fix: None.

Additional Notes: Since there was no warning message when the file containing the project was processed in the Import TE Expense Commitments (APPTECMT) application, the warning message about the period of performance was displayed only in the Manage Journal Entries (GLMJE) application. The message appeared when the Accrued Expense Commitments was edited after it was processed in the Create Expense Commitment Accruals (GLPAJE) application.
