Overview

Welcome to Deltek Costpoint 7.1.1 Release Notes. These release notes contain a summary of the new enhancements available in this release.

There are instances that prior to you completing the manufacturing order (MO), you have other activities that you need to do and would not want the MO to be completed automatically.

This feature provides you an option to set the MO completion manually on the Configure Production Control Settings screen.

Patch and System JAR Requirements

These enhancements require the following:

- Costpoint 7.1.1 System JAR 051 (cp711_sys_051.zip)
- PATCH3623

Application JAR Requirements

The following table lists the Costpoint 7.1.1 screens affected by this update. It includes the required JAR version for each application, if applicable.

Domain	Module	Application Name	Application ID	Application File
Administration	SY	Set Up Company	SYCOMP	cp711_sycomp_025.zip
Materials	PC	Configure Production Control Settings	PCMSET	cp711_pcmset_008.zip
Materials	PC	Enter Manufacturing Order Reliefs	PCMRELMO	cp711_pcmrelmo_026.zip

Administration Domain

This section includes summaries of the changes made in relation with the MO Completion Option feature within the Costpoint Administration domain.

Set Up Company (SYCOMP)

When you add a new company, the application now checks if the new **Suppress Automatic MO Completion upon Full Relief** check box, on the Configure Production Control Settings screen has been selected or not.

Materials Domain

This section includes summaries of the changes made in relation with the MO Completion Option feature within the Costpoint Materials domain.

Configure Production Control Settings (PCMSET)

The screen has a new check box, **Suppress Automatic MO Completion upon Full Relief**, to prevent the manufacturing order (MO) status to change to **Completed** when items/quantities have been fully relieved.

Enter Manufacturing Order Reliefs (PCMRELMO)

This application has been changed so that for regular positive relief with a completed quantity that is greater than or equal to the build quantity; the MO status will not be set to **Completed** if you selected the new **Suppress Automatic MO Completion upon Full Relief** check box on the Configure Production Control Settings screen. In addition, the system will not delete the reservation associated with the relieved MO until you have set the status to **Closed**.

On the other hand, if the new completed quantity for a regular positive relief is greater than or equal to the build quantity, and you did not select the **Suppress Automatic MO Completion upon Full Relief** check box, the following message displays: "The MO status will be set to Completed because all units are completed." The status will then be set to **Completed**.

Appendix: For Additional Information

Deltek Support Center

The Deltek Support Center is a support Web site for Deltek customers who purchase an Ongoing Support Plan (OSP).

The following are some of the many options that the Deltek Support Center provides:

- Search for product documentation, such as release notes, install guides, technical information, online help topics, and white papers
- Ask questions, exchange ideas, and share knowledge with other Deltek customers through the Deltek Support Center Community
- Access Cloud-specific documents and forums
- Download the latest versions of your Deltek products
- Search Deltek's knowledge base
- Submit a support case and check on its progress
- Transfer requested files to a Customer Care analyst
- Subscribe to Deltek communications about your products and services
- Receive alerts of new Deltek releases and hot fixes
- Initiate a Chat to submit a question to a Customer Care analyst online

Attention: For more information regarding Deltek Support Center, refer to the online help available from the Web site.

Access Deltek Support Center

To access the Deltek Support Center:

1. Go to <https://deltek.custhelp.com>.
2. Enter your Deltek Support Center **Username** and **Password**.
3. Click **Login**.

Note: If you forget your username or password, you can click the **Need Help?** button on the login screen for help.
