PEOPLE/ES/ESMLIFEEVENT/Manage Employee Self-Service Life Event

[Deltek Defect Tracking Number:](#)

977608

[Issues Resolved:](#)

Description: The application should use new hire logic to determine the coverage start date if the employee is a rehire and the benefit plan's **Rehires Eligible on Rehire Date** check box is not selected. The application was setting the coverage start date to the rehired employee's **Current Hire Date** value.

The coverage start date should be based on the **Waiting Period Months** and the **First of Month After Waiting Period** check boxes from Manage Benefit Plans if the following scenarios apply:

- The employee is a rehire.
- The benefit plan's **Rehires Eligible on Rehire Date** check box is not checked on the Manage Benefit Plans screen.
- The life event is designated as a **New Hire** type in Configure Life Events screen.

Customers Impacted: This defect affects Costpoint Employee Self Service users.

Workaround Before Fix: None.

Additional Notes: None.

[Custom Programs Affected:](#)

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <https://deltek.custhelp.com> before you install the hot fix.

[To Download the Hot Fix:](#)

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.

b. Click Download at the bottom of the screen.
