**Deployment Date: 5/8/2019**

**Hot Fix: cp711_cmnlib_TSIMPORT_007.zip; cp711_patch3606_001.zip; cp711_ldpupet_006.zip**

## PEOPLE/LABOR/LDPUPET/Upload from Time Collection (ET)

Deltek Defect Tracking Number:

952309

Issues Resolved:

**Description:** When you attempted to import a Deltek Time and Expense timesheet with a timesheet line that contained an invalid charge, the application partially imported the timesheet to Costpoint. In this scenario, if a timesheet line was rejected, the whole timesheet should be rejected, and the timesheet records should not be created for the timesheet.

**Customers Impacted:** This defect affects Costpoint users who import timesheets from Deltek Time and Expense.

**Workaround Before Fix:** None.

**Additional Notes:** None.

## PEOPLE/LABOR/LDPUPET

Deltek Defect Tracking Number:

1075119

Issues Resolved:

**Description:** When the timesheet period that was being prorated included a holiday, the application prorated all days except for the holiday and auto-adjusted the holiday timesheet to the full salary amount.
**Customers Impacted:** This defect affects Costpoint Labor users.
**Workaround Before Fix:** None.
**Additional Notes:** None.

## PEOPLE/LABOR/LDPUPET/Upload from Time Collection (ET)

Deltek Defect Tracking Number:

1075388

Issues Resolved:

**Description:** The manufacturing order information was not defaulting correctly when you used the direct interface to upload timesheets from Deltek Time and Expense.

**Customers Impacted**: This defect affects Costpoint users who upload timesheets directly from Deltek Time and Expense.

**Workaround Before Fix**: The following are the workarounds for this issue:

- Use the Import Timesheets screen for uploading timesheets to costpoint.
- Enter manufacturing order information through the Manage Timesheets screen.
- Use the standard file export from Deltek Time and Expense.

- Use the standard file export from Deltek Time and Expense.

**Additional Notes**: None.

## PEOPLE/LABOR/LDPUPET/Upload from Time Collection (ET)

Deltek Defect Tracking Number:

1097772

Issues Resolved:

**Description:** If no rate existed in the **Override Auto Adjust%** field, the application only used the default auto-adjust rate from the TS_PD table. The application should be using the default auto-adjust rate from the child table (TS_PD_SCH) to be in sync with other timesheet applications.
**Customers Impacted:** This defect affects Costpoint Labor users.
**Workaround Before Fix:** Enter a rate in the **Override Auto Adjust%** field.

**Additional Notes:** None.

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at https://deltek.custhelp.com before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to https://dsm.deltek.com.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.
