

**Deployment Date: 5/3/2018**

**Hot Fix: cp711\_patch3440\_001.zip**

### **MATERIALS/INVENTORY/INMSET/Inventory Settings**

Deltek Defect Tracking Number:

907101

Issues Resolved:

**Description:** This application has been updated to default the **Post Project WIP Variance** check box as selected. This is to make it consistent with existing logic, which both common and non-common (project WIP) manufacturing order (MO) variances used to post all the time (for average actual costing).

**Customers Impacted:** This defect affects you if you use the average actual costing.

**Workaround Before Fix:** Manually change the flag at the inventory abbreviation level for existing project/inventory abbreviations.

**Additional Notes:** This change requires PATCH3440.

Patch3440.sql

### **MATERIALS/INVENTORY/INMWACCT/Default Project Inventory Accounts**

Deltek Defect Tracking Number:

907109

Issues Resolved:

**Description:** The application has been updated to add logic to initially populate Project WIP Asset Inventory Abbreviations account/organization, if blank, to match values in the Asset Inventory Abbreviations group box.

**Customers Impacted:** This change affects you if you use average actual costing.

**Workaround Before Fix:** Manually add the account/organization for project WIP.

**Additional Notes:** This change requires PATCH3440.

Patch3440.sql

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <https://deltek.custhelp.com> before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.
