Overview

Welcome to Deltek Ajera Time & Expense 4.1 Release Notes. These release notes contain a summary of the following:

- Major New Features and Enhancements
- Software Issues Resolved
- Database Changes

Pre-Installation Information

Before you begin the installation of Ajera Time & Expense, it is important to understand the information discussed in this section.

Technical Considerations

- Ajera Time & Expense supports mobile devices that run on Apple iOS 18.0 or higher and Android 14.0 or higher.
- Ajera Time & Expense requires that Ajera is accessible to your mobile device either over the Internet or via a private network to which your device is connected.
- Ajera Time & Expense works with Ajera 10.30.06 or higher.
- Ajera Time & Expense requires Secure Sockets Layer (SSL)/Transport Layer Security (TLS) to access the Touch Server.
- You must install Ajera Time & Expense on an IIS server that is installed on Microsoft Windows Server 2016, Microsoft Windows Server 2019, or Microsoft Windows Server 2022.
- Ajera Time & Expense installer installs PHP 8.5.9 in this release.
- Ajera Time & Expense supports applications from Apple App Store and Google Play.

New Features and Enhancements

This section includes summaries of the new features and enhancements included for this release.

Microsoft Entra ID Support for Ajera Time & Expense Mobile

You can now use Microsoft Entra ID to sign in to the Ajera Time & Expense mobile application. This enhancement gives you a more secure and familiar authentication experience by allowing your organization to manage mobile access through Microsoft Entra ID, including supported sign-in policies such as single sign-on and multifactor authentication. When your administrator enables Microsoft Entra authentication, you can sign in with your work account, and the mobile application securely establishes your Ajera session after your identity is verified. This support helps streamline mobile access while keeping authentication aligned with your organization's identity and security requirements.

First-Time User Sign-In

During your first sign-in, the Ajera Time & Expense login screen displays the **Sign in with Microsoft** option below the standard user name and password fields and the biometric option.

1. On the login screen, Tap **Sign in with Microsoft**.
2. On the **Microsoft Entra** sign-in screen, enter your email address and password.
3. Tap **Sign In**.

After verifying your credentials, the system creates a session and redirects you to the application home screen.

Returning Users

Returning users experience a faster sign-in flow designed to reduce repeated authentication steps.

On your next sign-in, the application may automatically start signing you in.

A brief countdown displays before this happens, allowing you to use biometric sign-in, tap **Sign in with Microsoft**, or **Use Username and Password**, or tap **Cancel** to sign in manually. On Face ID-enabled devices, if Face ID is enabled and you make no selection before the countdown expires, the application automatically signs you in using Face ID.

Once signed in, a confirmation screen briefly displays.

Note: If your session has expired, you are prompted to sign in again using Microsoft Entra

Attention: For instructions on configuring single sign-on in Microsoft Entra ID and enabling the integration in Ajera, see the *Deltek Ajera Microsoft Entra ID / Active Directory Integration for Single Sign-On Guide*. You can view and/or download it from Deltek Software Manager (DSM) or Deltek Learning Hub (DLH):

- DLH: https://learning.deltek.com/bundle/ajera/page/Content/entraid_about_single_signon.htm
- DSM: <https://dsm.deltek.com/DeltekSoftwareManagerWebServices/downloadFile.ashx?documentid=DD370B5B-ED3C-418D-AC23-ED3150D3DC10>

Support for PHP 8.5.9

The Touch Server has been upgraded to support PHP 8.5.9.

Software Issues Resolved

There are no software issues resolved in this release.

Database Changes

There are no changes to the database in this release.

Appendix A: For Additional Information

Deltek Support Center

The Deltek Support Center is a support Web site for Deltek customers who purchase an Ongoing Support Plan (OSP).

The following are some of the many options that the Deltek Support Center provides:

- Search for product documentation, such as release notes, install guides, technical information, online help topics, and white papers
- Ask questions, exchange ideas, and share knowledge with other Deltek customers through the Deltek Support Center Community
- Access Cloud-specific documents and forums
- Download the latest versions of your Deltek products
- Search Deltek's knowledge base
- Submit a support case and check on its progress
- Transfer requested files to a Deltek Support Services analyst
- Subscribe to Deltek communications about your products and services
- Receive alerts of new Deltek releases and hot fixes
- Initiate a Chat to submit a question to a Deltek Support Services analyst online

Attention: For more information regarding Deltek Support Center, refer to the online help available from the Web site.

Access Deltek Support Center

To access the Deltek Support Center:

1. Go to <https://deltek.custhelp.com>.
2. Enter your Deltek Support Center **Username** and **Password**.
3. Click **Login**.

Note: If you forget your username or password, you can click the **Need Help?** button on the login screen for help.

Available Documentation for this Release

The following table lists the Deltek documentation available for this release. Except where noted, all the user guides and quick reference guides listed in this table are available for download from the Deltek Support Center.

Document Name	Description
Deltek Ajera Time & Expense Installation Guide	This document provides instructions for the installation and configuration of the mobile application.
