PEOPLE/LABOR/LDPSRDAT

Deltek Defect Tracking Number:

794899

Issues Resolved:

Description: Even if the imported record from SilkRoad provided values in the **JobHRISID** and **JobTitle** fields, the **Detail Job Code** (DETL_JOB_CD) field on the Salary Information and History (EMPL_LAB_INFO) table still retrieved the value from the job template. This resulted in mismatched values in the **Detail Job Code** (DETL_JOB_CD) field and in the **Position Title** (TITLE_DESC) field on the employee's Salary Information and History record.

Customers Impacted: This defect affects Costpoint - Deltek Talent Management Integration users.
