MATERIALS/MATERIAL REQUIREMENTS PLANNING/MRMMEXPD/Expedite Manufacturing Orders

[Deltek Defect Tracking Number:](#)

977944

[Issues Resolved:](#)

Description: A separate application ID, MRMMEXPD, has been created for Expedite Manufacturing Orders in the Material Requirements Planning (MR) module. This is to allow you to assign a different organization security group/profile for the Expedite Manufacturing Orders screen in the MR module.

Customers Impacted: This change affects users who use organization security feature.

Workaround Before Fix: None.

Additional Notes: If you access the Expedite Manufacturing Orders screen via PCMMEXPD and your module rights are under the PC module, you now have to set up user rights and profiles for the Expedite Manufacturing Orders screen using the MRMMEXPD application ID. However, license for both screens remain under the PC module.

[Custom Programs Affected:](#)

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <https://deltek.custhelp.com> before you install the hot fix.

[To Download the Hot Fix:](#)

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.
