Hot Fix: cp711_ldmctime_015.zip

PEOPLE/LABOR/LDMCTIME/Enter Correcting Timesheets

Deltek Defect Tracking Number:

909172

Issues Resolved:

Description: When generating D and N timesheets, the application should populate the EMPL_HOME_REF1_ID and EMPL_HOME_REF2_ID columns with a NULL value if there were no REF 1 and REF 2 values for the employee. Instead of this, the application populated the columns with a space which caused two accrued salary posting lines that net to zero when you ran the Post Timesheets process.

Customers Impacted: This defect affects Costpoint Labor users.
