

**Deployment Date: 7/25/2017**

**Hot Fix: cp711\_pcmmoiss\_019.zip**

## **MATERIALS/PRODUCTION CONTROL/PCMMOISS/Enter Manufacturing Order Issues**

**Deltek Defect Tracking Number:**

808770

**Issues Resolved:**

**Description:** Validation has been added to the application to prevent MO issues when you select **Apply Operationalized BOM to Requirements on Autoload** on the MO header, and routing number has not been assigned yet.

**Customers Impacted:** This change affects you if you use operationalized BOM in Costpoint.

**Workaround Before Fix:** None.

**Additional Notes:** None.

**Files Updated:**

cp711\_pcmmoiss\_019.zip

**System File Dependencies:**

cp711\_patch3170\_001.zip; cp711\_sys\_031.zip

## **MATERIALS/PRODUCTION CONTROL/PCMMOISS/Enter Manufacturing Order Issues**

**Deltek Defect Tracking Number:**

812024

**Issues Resolved:**

**Description:** In Project Manufacturing, Manufacturing Order (MO) issues that did not utilize the autoload function did not generate an XML message to MES to provide a summation of parts issued, but rather replaced the amount issued. By not using the autoload function, it appeared that Costpoint ignored the planned part information sent by MES. It also appeared that two (2) XML messages were generated for each issue when not utilizing autoload, whereas one (1) XML was generated when you used the autoload function.

**Customers Impacted:** This defect affects Manufacturing Execution System (MES) and Costpoint users.

**Workaround Before Fix:** Use **Autoload** on the Enter Manufacturing Issues on Enter Manufacturing Order Issues (PCMMOISS) screen. If you are issuing above the MO requirements, alter the work order in MES and add additional requirements, and then use **Autoload** upon issue.

**Additional Notes:** None.

**Files Updated:**

cp711\_pcmmoiss\_019.zip

**System File Dependencies:**

cp711\_patch3170\_001.zip; cp711\_sys\_031.zip

**Custom Programs Affected:**

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <https://deltek.custhelp.com> before you install the hot fix.

**To Download the Hot Fix:**

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.

**More Information:**

If you have any questions, please contact Deltek support at <https://deltek.custhelp.com>.
