Deployment Date: 8/8/2016

Hot Fix: cp711_hbm1095c_005.zip

PEOPLE/BENEFITS/HBM1095C/Manage 1095-C Data

Deltek Defect Tracking Number:

694865

Issues Resolved:

Description: When copying or cloning a record, the application should retain all the fields except the void flag, sequence number, xml accepted flag, xml generation number, and xml record number.

Customers Impacted: This defect affects Costpoint Benefits users.

Workaround Before Fix: None.

Additional Notes: The most common scenario for copying or cloning a record is for correction purposes so all the fields from the original record should be retained. Note that the taxable entity ID will be retrieved from the Employee table. As a result, if the taxable entity ID changed since the original record was created, the value on the cloned/copied record will be different from the original record.

Files Updated:

cp711_hbm1095c_005.zip

System File Dependencies:

cp711_sys_009.zip

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at https://deltek.custhelp.com before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to https://dsm.deltek.com.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.
