PJ/SM/SMMWROLE/Manage Work Assignments Roles

Deltek Defect Tracking Number:

838937

Issues Resolved:

Description: The lookup of the **Role Code** field now displays functional role codes from the Manage Functional Roles screen in Deltek Time & Expense. This field's character length has also been changed from 6 to 10 to match the role code length in Time & Expense. In addition to Subcontractor Management license, Time & Expense license is now required before you can access the Manage Work Assignment Roles screen. This is to avoid encountering an error when transferring information to Time & Expense.

Customers Impacted: This enhancement affects you if you use the Subcontractor Management module in Costpoint and Deltek Time & Expense.

Workaround Before Fix: None.

Additional Notes: PATCH3345 is required.
